

Logical Thinking

Doing puzzles is a great way to improve your thinking skills.

Romans Kriss Kross SOLUTION

Use logical thinking to slot all the words linked to the Romans into the grid.

3 letters

xvi

4 letters

mars

5 letters

roman

janus

venus

6 letters

empire

caesar

julius

cicero

mosaic

8 letters

numerals

9 letters

centurion

XVI is how the Romans wrote the number 16. TV programmes often use Roman Numerals to give the year that they were released. Look out for them at the end, after the credits.

HINT:

If there is only one word of a given length left there is only one place it will go. Cross out words as you place them.

Tick the circle when you have attempted the puzzle and so practised the skill.
