

Attention to detail

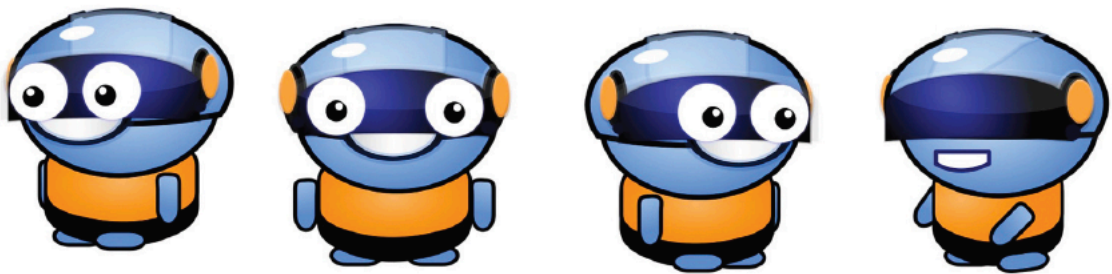

Spotting differences needs attention to detail.
So does getting a program right.

Spot the Difference

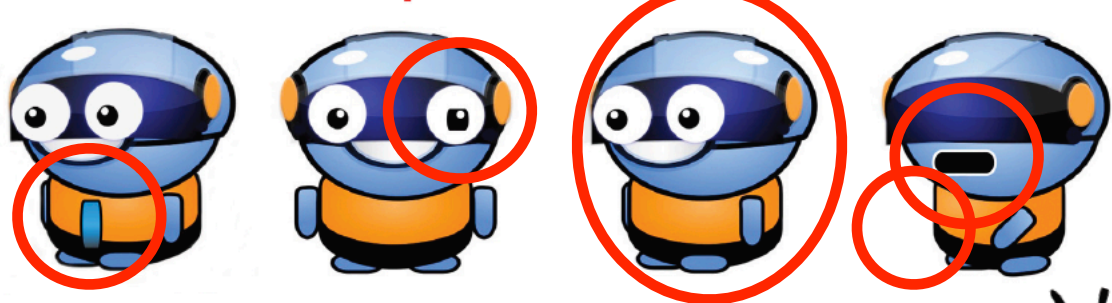

SOLUTION

We made a copy of the picture of the row of robots at the top but were a bit careless and made some mistakes.

Can you find the 5 differences?

Spot 5 differences

Tick the circle when you have attempted the puzzle and so practised the skill.

Skill:
Attention
to detail

HINT: Your eyes can easily drift past differences without noticing them. Can you search in an organised way to avoid that happening?
